

NAMIBIA VOTES 2019

SUPPLEMENTARY
REGISTRATION
OF VOTERS

REGISTRATION POINTS
08-27
JULY 2019

CEOs Message

It is my honor to inform the Namibian Electorate that the Electoral Commission of Namibia will be conducting a Supplementary Registration of Voters in all 121 Constituencies of the country from 08th - 27th July 2019. The Supplementary Registration of Voters is conducted to ensure that all eligible voters are registered and are in possession of voter cards in order to participate in the forthcoming 2019 Presidential and National Assembly elections.

The projected population figures for eligible voters as provided by the Namibian Statistics Agency (NSA) indicates that a total number of 240,827 Namibians have turned eighteen since the last General Registration of Voters that was conducted in 2014.

A key objective of the 2019 Supplementary Registration of Voters is to ensure that all eligible voters are registered to vote including societal groups that may be less inclined to register to vote, such as women, persons with disabilities (PWDs), Internally Displaced Persons (IDPs) and the youth, in line with the ECN's theme for this year's elections which is "Promoting Inclusive Participation".

The integrity of the voters' register is one of the basic principles on which the legitimacy of an election is founded. And as such, the ECN is committed to ensure that no group in society is denied an equitable opportunity to register to vote. The ECN's voter and civic education programme will ensure that all eligible voters in-country and abroad have adequate information to ensure the registration of every eligible person in each societal group.

The Supplementary Registration of Voters will take place at various registration points nationwide and will start from 08h00 in the morning to 19h00 in the evening, Monday to Sunday.

Registration of voters outside Namibia

The Electoral Act (Act 5 of 2014) makes provision for the ECN to establish temporary registration points outside of Namibia at Namibian embassies and consulates in the diaspora to allow Namibian citizens outside the country to be registered as voters. The Registration of Voters at Namibian Foreign Missions takes from 08th - 27th July 2019.

Requirements for registration:

In order to register as a voter in Namibia, one should be a Namibian citizen, be 18 years or older and be able to identify oneself.

All Namibian citizens that have turned 18 years of age and are not in possession of voter cards, eligible voters who may have changed address from one constituency to another, have lost their cards and/or eligible voters who may have adopted new names e.g. through marriage, are expected to register to vote during the supplementary registration of voters.

I would like to take this opportunity once again, to encourage all eligible voters to go and register to vote from 08th - 27th July 2019 during the Supplementary Registration of Voters both in-country and abroad.

Thank You.

More detail about elections

Elections in Namibia

The Namibian Constitution provides for four types of elections to be conducted over a five-year period cycle.

Presidential Election

The President is elected by absolute majority through universal adult franchise. The Plurality System is used for Presidential Elections, whereby the winning candidate has to obtain more than fifty (50) percent of the votes cast. Where no candidate received more than fifty (50) percent of the votes, a second ballot shall be conducted in which the two (2) candidates who have received the most votes in the previous ballot shall participate and the candidate who received the most votes in the second ballot shall be duly elected.

National Assembly election

The proportional representation electoral system is used during these elections, based on a party list. Each contesting political party must submit a list of at least ninety-six (96) nominated prospective Members of Parliament. The total number of valid votes cast in the election shall be divided by ninety-six (96) and the result shall constitute the quota of valid votes per seat. The total number of votes cast in favour of a registered political party shall be divided by the quota of votes per seat and the result shall, constitute the number of seats to

which that political party shall be entitled in the National Assembly.

Regional Council Election

Regional Council elections are conducted in terms of the simple majority or first-past-the-post electoral system. According to this system, the candidate with the most votes is declared the winner of the elections.

Local Authority Election

Local Authority Elections are conducted in terms of the proportional representation system. During this election, individuals vote for the political party or organization of their choice. Seats on the Local Authority Council are allocated in proportion to the number of votes received by the political party or organization.

2. Registration of Voters

It is a process by which Namibian citizens of voting age register to participate in elections. Anyone of voting age who wishes to vote in any particular election must be registered and be in possession of a voters' card. Voters' cards entitle voters to participate in a particular election.

Namibian citizens who temporarily live outside the country may also register at foreign diplomatic missions closest to where they reside. Such registration for voters out of Namibia is done only for Presidential and National Assembly elections.

Who qualifies to register as a voter?

In order to register as a voter in Namibia, one should meet the following criteria:

- Be a Namibian citizen
- 18 years or older
- Be able to identify him/herself

WHAT YOU NEED TO REGISTER AS A VOTER

To register you need proof of Identity, Age and Namibian citizenship by producing one or a combination of the following documents:

- Namibian identity document or
- Old Namibian identity document or
- Valid Green Namibian Passport or
- Namibian Citizenship Certificate and two registered deponents

The Voters Register

A voters' register is a list containing the names of all the registered voters. The Electoral Act (Act No. 5 of 2014) requires the ECN to compile and maintain two registers, namely;

- A National Voters Register compiled on a constituency basis of all voters in the country;
- A Local Authority Voters' Register of voters registered in a given local authority area.
