CHAIRPERSON: ELECTORAL COMMISSION OF NAMIBIA

Date: 01st August 2019

SUBJECT: PROVISIONAL STATISTICS FROM THE 2019 SUPPLEMENTARY REGISTRATION OF VOTERS (SRV)

It is with great delight that the Electoral Commission of Namibia (ECN) announces the successful completion of the Supplementary Registration of Voters (SRV) exercise which was conducted from 08th – 27th July 2019 in terms of Section 38 (1) of the Electoral Act, Act 5 of 2014.

The Commission would like to congratulate the Namibian electorate both locally and abroad for participating in this important electoral programme. The ECN further wishes to share with the Namibian public the provisional statistics of the SRV process as received from the different 14 regions of the country and abroad.

The ECN has registered a total number of **255 830** eligible Namibians in-country; this number is inclusive of all regions in the country. The ECN has further registered a total number of **734** eligible Namibians at designated registration points at diplomatic missions abroad that translate to a total number of **256 564** registered voters' during the entire registration period

We are currently consolidating the voter's registration data in terms of the percentages of voters who have turned eighteen (18) years since 2015, voters who have changed constituencies and voters applying for duplicate voter cards which will be made available once this process is completed.

In terms of the Electoral Act, the provisional voters' register will be prepared and displayed at designated venues country-wide and abroad during the period of 02nd – 06th September 2019 for all eligible registered voters' and political parties/organizations to inspect and object against the inclusion of the name of any person(s) on the national register that is not entitled or so qualified to be registered as a voter. After the conclusion of the objection period, the total number of registered voters recorded during the Supplementary Registration of Voters might change following the ruling by the Magistrate. Similarly, the total number of registered voters could change after the detection and removal of duplicate records.

Kindly see attached details on the provisional statistics from the 2019 SRV both for in-country as well as registration abroad for ease of reference.

Finally, the Commission has taken note of some of the challenges experienced during this exercise and is continuously reviewing our electoral processes, to improve service delivery.

The ECN will keep the public abreast of upcoming events on our Election Calendar leading up to the National Elections to be held on the 27th November 2019.

I thank You.
