IMPORTANT VOTING DAY REMINDERS

1. As we collectively countdown to 26 November 2025, the Commission wishes to remind all registered voters to turn out in large numbers and exercise their democratic right to vote.
2. The Commission encourages leaders and candidates to arrive early at their designated polling stations to cast their votes, thereby motivating their supporters to turn out in large numbers.
3. In view of the above, and in accordance with African norms and cultural values of respect, the Commission encourages voters to show courtesy to elders, leaders, candidates, and other vulnerable members of society by allowing them, where possible, to vote and proceed without delay.
4. The Commission further encourages voters to bring umbrellas, bottle of water, and, where applicable, camping chairs, bearing in mind the unpredictable nature of our country's weather patterns.
5. The Commission wishes all Namibians well and encourages everyone to exercise patience and to show respect toward fellow voters, election officials, and law enforcement officers who are maintaining law and order at polling stations across the country.
